

The Social Side

The week containing, as it did, the Highland Golf Club championship contest, the announcement of the Ferguson-Brockmeyer matrimonial engagement, the Wilson-Wright and Wilson-Hall club receptions, was noteworthy. The coming week holds the Heermans-Cromwell wedding at Atlantic City, the Colquhoun at the Casino, the Women's Club concert at the Opera House, the Altshuler benefit concert and suburban Golf Club reception, all of which will be taken in by society. Other affairs in talk are the Henry W. Hughes song recital and departures of prominent families for Europe.

Pelley, Miss Gertrude Reister, Miss Amanda Spell, Miss Mary Cushing, Miss Eva Eager, etc.

The choral numbers will be sung by only that portion of the organization present at the greater number of rehearsals, thereby having eliminated all crudity of interpretation and production, and Brewer's "Hesperus," the closing number of the evening, will be found splendidly mastered and worthy of the composer. The programme to be performed reads:

Mrs. Orr and Miss Orr, of Steubenville, are the house guests of Mr. and Mrs. John Frew, on Fourteenth street.

Concerning the magnificent selection to be played by Mrs. Nellie Warren Holoway, at the Women's Club concert next Monday evening at the Opera House, the following of interest is quoted: "The E. Minor Fantasia will mean many things to many people. Never properly appreciated by pianists, critics, by the public, it is after more than a half century of neglect, just being understood. It is 'Titanic.' The 'torso' of some Faust-like dream, it is Chopin's Faust. Chopin has never been understood so artistically, so free from delirium such a level of strong passion, of mental power, of exalted euphony as in this greatest of piano pieces. The 'Lento Sostenuto' is especially beautiful. The rapid interest in this composition is not relaxed until the final bar."

Mr. and Mrs. Archie T. Hupp, of Fourteenth street, are home from a few weeks trip through the east.

Dr. and Mrs. G. A. Aschman, of Twelfth street, are of the Wheeling colony now at Atlantic City.

I have not had any internal trouble since I got up. I was not only surprised myself but all of my friends here are surprised to see me so well."

REASSESSMENT REDUCTIONS.
Board of Commissioners Fixes Time for Hearing Petitions.
At the meeting of the finance committee of the Ohio county board of commissioners yesterday afternoon, there was an informal discussion relative to a stated time for hearing petitions on the recent reassessment, and the suggestion was made that the board meet on a board of equalization and assessment of June 12, 13 and 14, when the assessment of Washington, Madison and Clay districts, respectively, will be considered; and on June 19, 20 and 21 for Union, Centre and Webster districts. The dates for the other districts will be announced later. No definite action could be taken at the committee meeting, but there dates will probably be selected at the board's regular meeting next Monday. The state board of equalization and appeals took favorable action on granting a 12 1/2 per cent reduction for Ohio county, from the valuation fixed by the recent reassessment.

POLITICS

The Benwood city hall was packed to the doors last night at the Republican meeting held under the auspices of the Young Men's Republican club, of the industrial town, and the meeting like the newly organized club, was a winner. Republicans from all parts of Marshall county were out in force and the enthusiasm that marked the proceedings showed that the Marshall county brethren are eager for the fray in the coming campaign. Marshall holds its Republican primaries, to name county officers, next Saturday, and nearly all the candidates attended the meeting.

The speaker of the evening was Congressman B. B. Dovenor, who graciously accepted the club's invitation, extended shortly after its organization about a week ago, and he made a forty-five minute address that was a masterpiece of exposition of the principles of the grand old party. He directed a portion of his remarks to the prosperity of the country received after a Republican administration resumed charge of affairs, and his tribute to President McKinley evoked great cheering. Incidentally, Captain Dovenor defended his career in Congress from sundry misrepresentations, and at the close of his appreciated effort, he was warmly applauded. The eloquent congressman made additional friends in the county by his speech.

The meeting was presided over by Prof. Charles E. Carrigan, captain of the club, and he presented the speaker with a neat introduction. Seated on the stage were the following candidates: Dr. Steele, Dr. Dowler, J. J. K. Chase, candidate for sheriff; T. J. Parsons, A. L. Hooten, D. B. Evans, candidates for prosecuting attorney; Dr. Crow, Josiah Sinclair, candidates for the house of delegates; W. Manning, T. S. Magruder, J. T. Roseberry, Frank W. Fortner, candidates for assessors; O. A. Lacey and Harry Smith, candidates for assessors.

The Young Men's Club scored a big hit in last night's meeting and another meeting will be held next Friday evening, but it will be purely of a business nature. The organization will soon be fitted out in attractive uniforms and the prediction is made that it will be one of the best drilled clubs in the state.

Congressman Dovenor will remain for several days, filling appointments in nearby towns, where he is billed to make speeches. Captain Dovenor informed the Intelligence reporter that he succeeded in securing a special on the Baltimore & Ohio railroad for the accommodation of delegates and others who desire to attend the congressional convention, which meets in Weston, Wednesday, June 6. The special train will leave Wheeling at 4:45 p. m., Tuesday, June 5, and tickets will be one and one-third fare for the round trip. It will go through Fairmont and run over the Monongahela River road to Clarksburg, and from that point to Weston over the West Virginia & Pittsburgh road. The train will stop at all stations for the accommodation of delegates and others who may wish to take advantage of the reduced rate of fare.

This train will afford an opportunity to the delegates from Hancock and Brooke counties who may arrive in Wheeling on Tuesday afternoon. The down-the-river delegates can arrive in time Tuesday afternoon, and have an hour to spare by taking the special train.

Captain Dovenor in the course of a further talk with the reporter, said that he was well satisfied with the situation so far as it concerned himself, claiming 20 delegates. "As 125 is necessary to nominate," remarked the captain, "you can see that I have a number to spare. My claim is that I shall have the fifteen votes of Braxton, Glimer 10, Lewis 10, Doddridge 20, Ohio 67, 20 of Harrison's 20, 12 of Tyler's 24; 14 of Ward's 17; 25 of Marshall's 26. I concede Judge Campbell ten from Harrison, twelve from Tyler, three from Wetzell, eleven from Marshall, and Hancock's eight. Brooke county has not yet selected her delegates."

A well attended meeting of the Ohio County D. H. Taylor Club, held last night, was called to order by C. O. Roemer, president pro tem. The committee on grounds reported progress, and the committee on committees reported the names of committees on bar, refreshments, dancing, music, printing and entertainment. The committee on by-laws reported a set of laws, which were adopted. Meetings will be held every Friday evening hereafter. The committee on committees was instructed to appoint a committee on speakers, and to confer with Congressman B. B. Dovenor, Governor G. W. Atkinson, ex-Governor Bradley and others, and secure them for speeches at the approaching outing of the club. C. O. Roemer, F. M. Milligan and others spoke in Dr. Taylor's behalf, and of the importance of keeping alive to the issues of the campaign.

It is rumored that Charles Carenhauer, one of the Register's "comps," will be brought into the field political, as a candidate for house of delegates on the Democratic ticket in this county. Mr. Carenhauer's friends hope he will not meet with the fate that met all but one or two of the ten or a dozen Register people who aspired to places high and low at the recent Democratic primaries.

James L. Dickey, of this city, has been notified by Senator Scott, West Virginia's member of the national committee, of his appointment as assistant sergeant-at-arms of the national nominating convention at Philadelphia.

SMASH UP OF BROKERS

In Cotton Responsible for Large Number of Failures—End of Boer War Will Affect Security Markets. Decline in Pig Iron Continues.

NEW YORK, June 1.—R. G. Dun & Co.'s weekly review of trade to-morrow will say: While returns of failures in May by branches of business cannot be given until next week, it can be stated that not over six months in more than six years have shown as large defaulted liabilities as May will show, owing to the failure of a firm principally engaged in cotton brokerage. The reported liabilities of this one firm exceed those of all firms failing in every month but one last year, and in every month but three in 1898. Manufacturing failures that in four weeks of May were on \$2,486,543, and trading failures \$1,720,301, while failures in brokerage and other commercial lines amounted to \$13,925,822. The decline in cotton to 9 cents and the reduction of regular print cloths to 3/4c at Fall River, with outside sales at 3/4c, indicates that speculation in this case may have somewhat checked business and industry.

End of War Has Its Effect.

The rapid progress of events in Africa, with prospect that the war will soon end, and the gold supply from that region will be resumed, has naturally affected both money and security markets on both sides of the ocean. Needs for foreign borrowing may be much reduced, and hindrance to foreign investments here in large measure removed. But the demands upon American machine works and other supplies are likely to be materially increased when the restoration of industries in South Africa begins.

Steady Progress Towards Low Level.

The most conspicuous feature of domestic news is the steady progress toward a lower level of prices for the chief materials of industry. Without excitement, and with very small sales, it is believed the smallest ever recorded in May at the three chief eastern markets, except in 1893, prices of wool have declined so that the hundred quotations in Cotes' Bros. circular now average about 21.84 cents against 24.73 at the highest point February 1, and 18.16 cents a year ago. The stagnant and hesitating condition of the goods market, though not extending to the most favorite staples, which were largely sold early in the season, has caused other irregularities, such as some have been cleared out by concessions of 15 to 20 per cent from the early quotations of the season. There is also more complaint of cancellations, and on this occasion in cotton as well as in wool conditions. With prices adjusted to lower ranges, the branches might expect greater activity.

Hides Decline Over Three Per Cent.

The change in hides has made marked progress also, the average at Chicago declining over 3 per cent for the past week and thus far about 17 per cent from the highest point. Large supplies are mentioned in some grades, but the weakness of the market has been the controlling factor.

Orders for boots and shoes have been reduced much more than shipments, because many works had order which are not yet exhausted. The shipments in May have been smaller than in any other year since 1892, they were larger by 17.4 per cent in 1898, by 22.8 per cent in 1895, and by 27.1 per cent last year.

The decline in pig iron continues, grey forge reaching 51 5/8 at Pittsburgh, No. 1 anthracite Bessemer 52 at Philadelphia and Lehigh No. 1 51 1/2. Only small changes have occurred during the week in prices of finished products, but these are toward lower figures.

Properties Said to Be Sold Back.

There are current rumors that some of the properties just taken by the steel sheet company have been sold back to former owners, and that properties of the steel pool company will be divided likewise, but it is not at all surprising that a few out of the combinations result in the disappointment of some. Probably lower quotations for Bessemer pig may be accepted by the association in the central region for the latter half of the year, as the closing of many works owing to reduced demand may be expected.

The acceptance of two large contracts for export, one for 100,000, by southern works is a good sign.

Failures for the week have been 160 in the United States against 145 last year, and 21 in Canada against 14 last year.

TO-DAY'S GAMES.
Fort Wayne at Wheeling.
Mansfield at Columbus.
Youngstown at Dayton.
New Castle at Toledo.

The Wheelings were victorious in a one-sided game with Fort Wayne yesterday afternoon, in which Skopec clearly outpitched Harper. It was the first appearance here of Doggy Miller's team, and there would have been a large audience but for the threatened rain, which began falling just as Wheeling finished her half of the first inning, but stopped in time to allow the game to proceed. The Fort Waynes are very strong and will be heard from before long.

Neither team fielded in gilt-edged style, owing to the heavy condition of the diamond. Krueger, at short, had three bad misplays, and all of them were costly.

The Wheelings broke into the run column in the fourth inning, when Lyons' base on balls, Congalton's two-bagger and Peguinney's timely single materialized into two runs. In the fifth, the Stogies profited by Fort Wayne's errors, making four runs on one hit. Taylor led off with a life on Krueger's error, Lyons hit out for a slugging two-bagger, scoring Taylor; Turner was safe on another error by Krueger, and Hollingsworth's error gave Congalton a life and scored Lyons. Peguinney hit to Letcher and Turner came in with the third run of the inning. A passed ball allowed Congalton to score.

Fort Wayne's only score came in the fifth on Harper's base on balls, a hit batsman, an error by Rittter and Krueger's infield hit.

Turner's two-bagger, Peguinney's base on balls, and another error by Krueger, and Skopec's scratch single gave the locals another bunch of two in the seventh, and in the ninth Turner's base on balls, one of the same kind to Congalton, Peguinney's clever sacrifice, and Rittter's base hit contributed to two more in the ninth.

Skopec pitched remarkable ball in the fourth. Belden and Babb struck out in succession, Hollingsworth hit for a base, and Bergen retired the side by striking out.
